H. Though with their high wrongs I am struck to th¢Ã quick, Yet with my nobler reason ¢ÃÂÂgainst my fury Do I take part. The Tempest begins with one of the most spectacular scenes in all of Shakespeare: the storm at sea that threatens the vessel whose passengers include King Alonso of Naples, his son Ferdinand, and Prospero¢ÃÂÂs hated brother Antonio, the usurping duke of Milan. The end of the plot of Prospero, his art and the piece conjoin. Many commentators agree on the belief that The Tempest is the last creation of Shakespeare. It is Ariel who changes Prospero of revenge to forgiveness, saying: "Your charm so strongly works on / that if you have now seen them your affections / would become suit." Ariel's suggestion that it should be the reaction to human suffering shames Prospero in compassion: You, who are but air, a touch, a feeling of your afflictions, and I will not be, one of your kind, who shines as sharply, the Passion as they, be more kind than you? His life and death struggle on stage is subject to a double focus, as Prospero reassures his daughter, Miranda, troubled about the fate of the passengers and the crew, which he controls the storm and that his danger is an illusion. —Victor Hugo, Oeuvres complètes de Shakespeare It is inevitable, given the position of The Tempest as the last dramatic solo work of William Shakespeare, to hear in the epilogue of Prospero to the play, the farewell of Shakespeare to his audience: Now my charms are all the erthrown, and what strength I have is my own, which is weaker. I therefore proceed to use your long-standing magic arts to stage a trial for past offenses.
